Annual Quality Assurance Report, 2022-23

Criteria 7.1.3

Management of Degradable and Non-Degradable Waste

7.1.3 Facilities in the Institution for the management of the following types of degradable and non-degradable waste

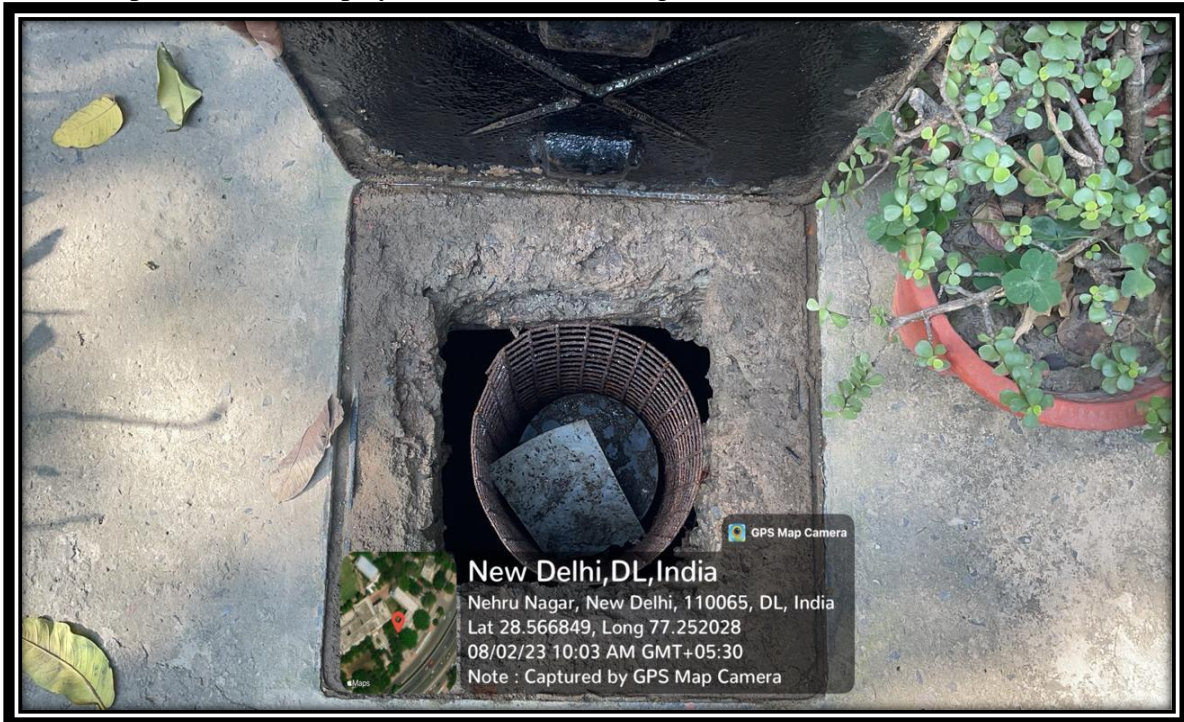

- **Solid waste management**

Solid waste is segregated bio degradable and non-degradable as a part of Swachh Bharat initiative.

- **Liquid waste management**

Waste water from toilets and canteen is collected in septic pits and allowed to settle in soil. Sprinklers and drip system are used in the gardens.

- **E-waste management**

This year Satark started this drive on 12th October 2022. We collected almost 20 kg of e-waste from the staff and our students.

Small steps for a sustainable future!

- **Waste recycling system**

All bio-degradable and non-biodegradable wastes are processed in vermicompost unit in the campus.
