★ Live Screening Inauguration of Projects on Semiconductor ★

★ By Hon'ble PM Narendra Modi ★

📍 Venue : College Lobby

🕒 TIME : 10:30 TO 11:30 A.M.

Objective:

The live screening of the Hon'ble Prime Minister's address aimed to inaugurate projects on semiconductor technology, fostering awareness and engagement among the college community.

Participants:

- College students
- Faculty, and
- Staff

Activities:

1. **Preparation:** The college administration organized the event by setting up a large screen in the lobby and ensuring technical arrangements for live streaming.
2. **Invitations:** Invitations were extended to all students, faculty, and staff members.
3. **Live Screening:** The event commenced at 10:30 A.M. with the live screening of the Hon'ble Prime Minister's address. The audience attentively listened to the Prime Minister's remarks regarding the importance of semiconductor technology and the government's initiatives to promote research and development in this field.
4. **Discussion:** Following the address, feedback was collected from attendees regarding the Prime Minister's speech on semiconductor projects' potential impact. Inputs on economy, job market, and technological advancement were shared, emphasizing collaborative efforts for growth.

Outcomes:

- Increased awareness among the college community about the significance of semiconductor technology.
- Enhanced understanding of government initiatives to promote innovation and technology development.

Conclusion: The live screening of the Hon'ble Prime Minister's address was a resounding success, generating enthusiasm and interest among attendees about the potential of semiconductor projects. The event served as a platform for meaningful discussions and networking opportunities, contributing to the overall advancement of semiconductor research and development in the region.
